

## What is the RRL?

It's a \$65.291 Million loan negotiated by Government of the Virgin Islands (GOVI) with Caribbean Development Bank (CDB) to rebuild social and economic infrastructure in the transport, water and sewerage, education and national security sectors.

Dec. 29, 2017

Signed Loan Agreement

## How is the RRL implemented?

## How does the RRL benefit me?

It will rehabilitate and rebuild infrastructure, re-establish early warning systems and emergency communications, provide sustainable support to persons with psychosocial needs and help build community resilience among parents, teachers, students, youth and other vulnerable groups. GOVI will also engage communities to participate in the different phases of the implementation of the Loan.

## What is the timeline?

## What will the RRL rebuild?

The RRL prioritises a list of infrastructure projects in 6 critical social and economic sectors. *Please see flip side for more details.*

## Will local contractors benefit from the RRL?

Yes. The RRL project tendering processes will provide business opportunities and training to local contractors and suppliers on preparing tender and CDB guidelines.
